

The coronavirus is a new illness that can make people feel unwell.

It is also called COVID-19.

People who have coronavirus may have a temperature and a cough.

Most people who have coronavirus will stay at home, in bed and get better.

Some people may need to go to hospital.

It is very easy to catch coronavirus

To keep everybody safe, places where there are a lot of people might be

closed.

School might be closed, this is to keep everybody healthy.

I can return to school when the doctors and people in charge say it's

safe.

I will help by washing my hands regularly.
